

JULIUS N. MONTILLANO

montillanojulius23@gmail.com | 09919693370 | Poblacion, Muntinlupa City

SUMMARY

Motivated Computer Engineering graduate with hands-on experience monitoring mission-critical operations, incident reporting, ticket creation, issue escalation, and technical support coordination in a fast-paced environment. Strong foundation in hardware and software troubleshooting, Windows operating systems, networking fundamentals, and computer hardware through academic projects and practical experience. Able to quickly identify technical issues, follow standard operating procedures, communicate effectively with technical teams, and support end users in delivering reliable IT services. Eager to contribute as an L1 Onsite Support Engineer while continuously developing technical expertise.

PROFESSIONAL EXPERIENCE

- Production Monitoring Agent – DataCentric CorporationOct 2025 – March 2026
- Monitored live sports events and real-time operations across multiple platforms.
 - Identified issues, created incident tickets in Freshdesk, and coordinated with internal teams.
 - Escalated unresolved incidents to senior support teams for timely investigation and resolution.
 - Updated and tracked incident tickets to ensure timely resolution.
 - Documented incidents and maintained accurate operational reports.
 - Worked under pressure while managing multiple live events and meeting strict deadlines.
 - Followed standard operating procedures (SOPs) to ensure service quality.

EDUCATION

- Bachelor of Science in Computer EngineeringSept 2022 – Aug 2026
- Makati Science Technological Institute of the Philippines – Sta. Mesa, Manila

TECHNICAL SKILLS

- IT Support:** Hardware and Software Troubleshooting, Windows Operating System, Technical Issue Diagnosis, Microsoft Office, Peripheral Device Support
- Networking:** TCP/IP, DHCP, IP Addressing, LAN/Wi-Fi Troubleshooting
- Programming:** Java, Pythong, C++
- Tools:** Freshdesk, IntelliJ IDEA, Visual Studio Code

SOFT SKILLS

- Communication
 - Problem Solving
 - Teamwork
- Attention to Detail
 - Time Management
 - Adaptability
- Ability to Work Under Pressure
 - Documentation
